The High School League was great.

First week went great. I made a mistake with a team, sorry that it happened, but we are trying to fix it and make it right for all teams. We had one team that did show late, **game time is forfeit Time.**

We had a large crowd at the Ike Davis Game. It was a great game.

The Youth Saturday league, everyone showed for games and things went smooth. Remember that in the Spring League, the difference in points may be more because of the few number of teams, the players don't really care, just want to play.

Thank you once again.
